

2012 India User Conference

06 February 2012 at the Epicentre, Gurgaon, India

Intergraph | ERDAS India is honored to extend an invitation to its 2012 User Group Meeting. This meeting has been designed to provide a forum for our Users to share their applications, network with peers, and exchange ideas and experiences. Preview the latest geospatial solutions from Intergraph | ERDAS and most importantly – give us your feedback!

SDI (Spatial Data Infrastructure) Tack

Listen to Dr. R Siva Kumar (CEO NSDI) talk about India's plan to implement an SDI in each state over the next few years.

Listen to dignitaries from various state SDI agencies across the country.

See Live Demos of working SDI solutions and network with organizations who have implemented State SDI's in India successfully using ERDAS Apollo.
