EXHIBITORS' MANUAL

www.indiageospatialforum.org

Theme Converging Geospatial Trade & Practices

Dear Exhibitor,

Thank you for your support to India Geospatial Forum 2014, to be held 5th – 7th February 2014 at Hyderabad International Convention Centre, Hyderabad, Andhra Pradesh, India.

This exhibitor manual is a valuable resource in preparing for India Geospatial Forum 2014. Whether it's your first time at IGF or you're an experienced exhibitor, the manual is an easy-to-use guide to help make exhibiting a smooth process and ensure that you have a successful show.

•**What to do and when to do it...**

The manual includes all of the forms and information you need for the shipping, set-up and dismantling of your booth.

Please pay special attention to the **Built-up schedule, technical specification** list to prepare for the show, be sure to note the deadlines and keep in mind that advanced ordering will save you money and ensure a smooth running show.

All order forms contained on the website should be mailed as directed. Please retain a photocopy of each form for your records, so that queries, if any, can be addressed quickly and invoices checked easily and accurately.

The entire Geospatial Media and Communication team is available to help you, so please feel free to contact us at anytime. We look forward to working with you during the next few months, and we are confident that you will have a successful and profitable show.

Sincerely,

Prashant Joshi

Director-Sales

| | | | |
|-----------|-------------------------------|----------|--|
| Tuesday | 4 th February 2014 | 1700 hrs | Bringing in the Machines and poster for the booth setup |
| Wednesday | 5 th February 2014 | 0600 hrs | Aisles must be clear and empties & packing materials taken for storage. No more movements in the aisles, cleaning of aisles. |

Schedule for exhibitors bringing and building their own stand (Raw Booth)

| | | | |
|-----------|-------------------------------|----------|---|
| Tuesday | 4 th February 2014 | 1000 hrs | All construction works Starts and move in for all the material |
| Wednesday | 5 th February 2014 | 0600 hrs | Aisles must be clear and empties & packing materials taken for storage. Removal of garbage of fabrication, no more movements in the aisles, cleaning of aisles. |

➤ **IMPORTANT**

As an exhibitor, we require the following from you latest by 5th January 2014 for the inclusion of the same in our Exhibitor's Profile:

- 100 words company profile in MS Word Format
- High resolution company logo in JPEG
- Contact person name and email id
- Fascia name in MS Word Format

Possession of Exhibit Space

Exhibitors using any contractor other than the official stand construction contractor for their stalls will get possession, only if drawings / designs for their stands have been approved by the organizer and the performance bond/security deposit is in place.

Theme **Converging Geospatial Trade & Practices**

Possession of space will be given to those exhibitors who have provided security deposits cheque of INR 50,000 in the name of Geospatial Media and Communications Pvt. Ltd. to Tarun Kumar by 3rd February 2014. The cheque will be returned to the exhibitor just after the exhibition gets over and no damage in the property is made. This cheque will be submitted by the contractor of raw booth, if the contractor is other then official contractor.

Plan approval

Exhibitors who have reserved 'raw space' and using a contractor other than the official stand construction contractor, must submit the layout design of their stands, for approval by the organizer. This is to prevent costly alterations on site, which may be required by the hall owner and the organizer. **Deadline to submit the booth design for approval is 30th December 2013.**

These plans shall include elevation drawings. One set of drawings duly approved or with suggested modifications, if necessary, will be returned to the exhibitor. Actual construction and display in the stand must strictly conform to the drawings approved by the organizer.

Carpentry

Contractors and exhibitors are requested to strictly observe that carpentry inside the halls during build-up is not permitted. Only assembly of the display and minor finishing/touching up is allowed. Contractors violating this guideline will be prevented from continuing work on the exhibitors stand inside the hall. **It's mandatory to use an old flex sheet or plastic sheet on the ground before starting the installation of your raw booth.**

Completion

Installation of stands /booths should be completed by 0600 hrs on 5th February 2104. General cleaning of the exhibition hall will be carried out immediately thereafter for the Hall, to be ready by 0800 hours on 5th February 2104, for inauguration of the exhibition.

Exhibitor facilities

| As per sqmt. | Table | Chair | 150 Watt spot light | Power point 13 amp. | Dustbin |
|--------------|-------|-------|---------------------|---------------------|---------|
| 9-17 | 1 | 2 | 3 | 1 | 1 |
| 18-26 | 2 | 4 | 4 | 2 | 2 |
| 27-36 | 3 | 6 | 5 | 3 | 3 |

Theme **Converging Geospatial Trade & Practices**

Photo impression shell scheme. Other options are possible.

➤ Please Note:

- No rebate will be given if the exhibitor decides not to avail any of the above shell scheme provisions
- Exhibitors must order for furniture and extra power supply if required over and above the above entitlement, which will be on paid basis. Please refer to the order forms available on the website of India Geospatial Forum 2014.

Booth Inspection

Inspection of the booths will be carried out continuously during build-up procedures to make sure that exhibitors have received the services ordered, and to see if the instructions of and on behalf of the organisers and the HICC have been taken into account.

Technical Specification

Below are important technical specifications related to the use of your exhibit space, the standard stand construction package, and the exhibition area in general.

Building Height

The building height is 2.50 m for all shell scheme stand walls and the objects inside the stand should not be more than 2.50 m. (height measured from the floor of the hall, not from a technical/raised floor).

For higher raw booth more than 3 m, permission is required from Organiser by submitting the design of the stand before 30th December 2103.

Floor Material in Exhibition Area

Objects in a shell scheme stand should be placed at a minimum distance of 0.75 m inward from the stand front, side and back lines. For objects higher than 2.50 m permission is required from Organiser.

Theme **Converging Geospatial Trade & Practices**

If you wish to bring a display system (e.g. pop-up display) to put up in your stand, please inform organiser with exact measurements (height x width in meter) so we can check if it fits in view of possible height restrictions.

Electricity

For raw space, power connection from the main distribution box (DB) inside the exhibitors' area will be provided by the official contractor commencing 5th February 2014. All the raw booth exhibitors are requested to fill the electricity form available on the website for their electricity requirement.

We will provide electricity to the exhibitors to check their connections on 4th February 2104 at 1900 hrs for two hours only. Additional requirement of the electricity to check the connections and equipments will be chargeable. Please find the electricity form available on the website to order the additional requirement of the electricity.

Connection to the exhibitor's equipment from the distribution box (DB) inside the exhibitor's area will be operated by the exhibitors. A work completion-cum-listing report must be provided to the official electrical contractor after the exhibitor has completed his work by 5th February 2014 by 0600 hrs.

Each shell scheme stand will be provided with electric power at one or more main points depending on the requirement. Exhibitors should use distribution boards, individual isolation switches for exhibits, and insulated cables or metal conduits for connecting power supply to the exhibits.

Exhibitors who use power for general lighting and running of equipment/exhibits in excess of their specified load will attract penalties and/or disconnection.

Exhibitors must install separate and independent switch connections for each exhibit. Alternate connections are not allowed. Power load is not allowed to be taken from the sockets.

All the main electrical supply points must kept easily accessible for operation and repairs in the event of emergency. Main electrical supply points should not be concealed or covered.

Exhibitors are advised to install equipments voltage stabilizers/UPS for their sophisticated equipments.

Exhibitors are advised to exercise the highest level of safety precautions and engage the services of only qualified professionals for electrical wiring and installations.

Theme **Converging Geospatial Trade & Practices**

Plug, Sockets and Adapters

Regular Indian plugs and sockets are used in Hyderabad. Adapters (13 Amp.) can be purchased from the open market.

Suspension and Rigging

The height of the hall allows suspensions and rigging. Suspension and rigging form is available on the website of India Geospatial Forum 2014. All the suspension and rigging must have to be done through official contractor only. No fixing is allowed to be made to the floor, walls, pillars or any other part of the building.

Delivery and Removal of Exhibits

The delivery and removal of exhibition goods, with the exception of hand-carried materials, should take place via the loading platform of exhibition hall; the following instructions apply for the delivery and loading of goods.

The unloading/loading area is limited. Empty vehicles cannot be left on the loading platform under any circumstances at any time.

Exhibits will NOT be allowed to take out of the exhibition halls during the exhibition period.

Removal or delivery of exhibition stock in or out of the exhibition hall is not permitted during the open hours of the exhibition.

Such removal, delivery or replenishment of stock may only be carried out before opening hours in the morning or after closing time in the evening. If you wish to remove any item, a "GOODS REMOVAL PASS" must be obtained from the venue duly signed and stamped by the organizer.

Goods removal pass: At the close of the exhibition, in order to remove your goods smoothly, safely and easily, the following paperwork must be carried out. Make 4 copies of an itemized list showing equipment and material required to be exited from HICC. These copies must be on the exhibitor company's letterhead, duly stamped with the company's official seal and signed by an authorized person. Get all copies attested and stamped by India Geospatial Forum 2014 organizer.

Waste

Exhibitors are advised not to throw waste material from their stands on the aisles. Empty cases /crates should not be left in the aisles to ensure the safety of all SHOW participants.

Theme **Converging Geospatial Trade & Practices**

Storage and Waste Materials

The organizer will not provide storage facilities in the hall for packing cases, surplus materials or other property of the exhibitors. Arrangements for safekeeping of such items must be made with the freight forwarder.

During move-in, construction of stands and removal of exhibits, the passageways in the exhibition halls must not be obstructed with packing materials, construction materials or debris. Contractors are responsible for removing their own cuts-offs and waste on each day of build-up and breakdown. Use of passageways behind stalls for storage of empty, waste or surplus material is strictly prohibited. The organizer reserves the right to invoice exhibitors for excessive packing materials and discarded crates or cartons lying behind the stall area.

Dismantle Of Exhibits

The halls have to be handed over to the HICC promptly on the final day of break-down. Exhibitors must ensure that their exhibits and stand materials are removed by 2000 hrs on 7th February 2014. The organizer will dispose off any items remaining in the hall beyond this time, and the management will not accept responsibility for any loss or damage. Costs involved will be borne by the defaulting exhibitor.

Stand Number and Final Allocation

Stand locations and stand numbers will be (re-)confirmed by Geospatial Media and Communications Pvt. Ltd. In case it is necessary to change an exhibitor's stand number or stand location, the exhibitor will be notified immediately.

Personal Belongings

All exhibitors / participants must take care of their personal belongings at all times. The organizer will not be held responsible for any damage / loss etc.

As it is not possible to provide complete protection against theft, exhibitors should ensure that their exhibits are properly insured. We do remind you that you are responsible for your exhibits at all times and that they will be at greatest risk during buildup and breakdown. Do not take chances with your valuables- once they are lost, it will be very difficult or impossible to recover them. The organizer will accept no responsibility for losses or damages of any kind. Keep your passport, exhibit goods and laptop etc. under your strict supervision at all times.

Theme **Converging Geospatial Trade & Practices**

Rules, Instructions and Regulations..... Section 3

Rules, Instructions and Regulations

Raw space exhibitors / contractor will also be responsible for the proper behaviour of the contractor, if the contractor appointed is other than the 'Official Contractor'.

The exhibitors/ contractor will also have to bear any charges levied by the venue HICC for damages caused to property, walls, flooring, etc.

Exhibitors' contractors are requested to avoid designs blocking or boxing-in other exhibitors' stands. The back wall shall never be left unsightly

Exhibitors / contractors are not permitted to fabricate or build from scratch, stands inside the halls. They should prefabricate and fit sub-sections of the stand inside the hall. Only finishing and touching up of paint (not complete painting) is permitted inside the hall.

Exhibitors/contractors must ensure that finishing/ painting of the stand does not result in spillage.

Exhibitors / contractors must remove cut-offs and debris from inside their stand, and ensure that the stand is completed by 0600 hrs 5th February 2014.

Exhibitors' contractors are not allowed to block the aisles inside the hall. Packing cases and crates belonging to contractors and exhibitors and material lying on the aisle will be removed under the instruction of the organizer at the exhibitor's cost.

No part of any structures may extend beyond the boundaries of the stand allocated to the exhibitor by the organizer.

A finished back wall, except in the case of an island or peninsula stand, must be provided.

Where 'raw space only' stands rest on a shell scheme package stand, the walls of the shell scheme package may not be utilized by the 'raw space' exhibitor.

Nailing or puncturing the shell scheme panels is strictly prohibited. Any such damage will be made good at the expense of the exhibitor.

In case of heavy machinery, the maximum height of 2.5 mts. can be accommodated in the hall.

Raw space exhibitors are requested to take approval from the organiser for exceeding the height of their booth more than 3 meters.

We would highly recommend that you practice cautious with regard to the move in / build up and tear down / move out phase of exhibition. We would recommend the following additional

Theme **Converging Geospatial Trade & Practices**

precaution actions to be taken and enforced to contractors and exhibitors to minimize the damage to the Centre.

- Protection of the carpet by old carpet or plywood for the movement of heavy duty trolley during move in and move out.
- Protection of the carpet on the aisles with plastic sheet, plywood or used carpet during buildup
- No sanding, sawing, metal cutting, major painting and major construction allowed

Force majeure

If due to force Majeure or other unavoidable circumstances, the organisers are forced to cancel the exhibition, the exhibitor will not be entitled to claim damages or compensation of any kind. The organisers reserve the right to reschedule the event in the interest of the exhibition.

Insurance for contractors & service men

Exhibitors are liable to cover their own staff and the contractors they hire for booth set up and dismantle for any physical damage on site. In case of any mishap, the organisers will not be liable to bear any such damages.

Theme **Converging Geospatial Trade & Practices**

Exhibitor Registration..... Section 4

Exhibitor Registration

Each booth comes with a certain number of complimentary facilities like Registrations and Furniture, as per booth size. The following chart shows the general guidelines:

| Exhibition Area SQM | 9-12 | 15-18 | 20-24 | 24-above |
|-------------------------|------|-------|-------|----------------|
| Complimentary Delegates | 2 | 3 | 4 | As per package |

Registration Guidelines:

Exhibitors will receive a password that will entitle them to register the offered complimentary registrations online at <http://www.indiagespatialforum.org/2014/form.htm>

Exhibitors are requested to register the names of representatives from their organization availing this complimentary registration not later than 5th January 2014.

Please note that it is compulsory for each exhibitor to wear their exhibitor registration badge for the duration of the Trade Show

Identification badges can be collected from India Geospatial Forum 2014 conference registration desk at the conference venue on any of the registration days.

Registration Timing
